In most cases, while PHI may be used to help prepare a research project or to contact you to ask whether you want to participate in a study, it will not be further disclosed for research without your authorization. However, where permitted under federal law, institutional policy and approved by an institutional review board or a privacy board, PHI may be further used or disclosed. In addition, PHI may be used or disclosed for research as "limited or deidentified data sets" which do not include your name, address or other direct identifiers.

Michigan law and/or Federal Regulations place certain additional restrictions on the use and disclosure of PHI for mental health, substance abuse, HIV/AIDS conditions, and certain genetic information. In some instances, your specific authorization may be required.

All Other Uses and Disclosures Require Your Prior Written Authorization. In situations that are not covered by this Notice, your written authorization is needed before using or disclosing your PHI, including most uses and disclosures of psychotherapy notes (if recorded or maintained by us), financially-supported marketing of 3rd party products or services, and the sale of PHI, unless otherwise specified by law. Your authorization can always be revoked in writing (but it would not apply to prior disclosures made based on your initial authorization).

The Right to Request Restrictions on Uses and Disclosures of Your PHI. You have the right to ask us to limit how we use and disclose your PHI for treatment, payment or health care operations. This request must be in writing. We are not required to agree to your restriction request, but if we do, we will honor our agreement except in cases of an emergency or in cases where we are legally required or allowed to make a use or disclosure. We are required, however, to agree to a written request to restrict disclosure of your PHI to a health plan if the disclosure is for payment or health care operations and is not otherwise required by law, and your PHI pertains solely to a health care item or service for which you have paid in full and out of pocket. Also, you may request us to limit PHI disclosures to family members, other relatives, or close friends involved in your care or payment for it.
